

Seasonal Flu Vaccination

Sorry we missed you...

The immunisation team were in school delivering seasonal flu vaccinations whilst you were absent.

The team will not be back here.

The flu vaccine is the safest, most effective way to protect against flu. It will also help reduce the risk of spreading flu to others. NHS Scotland strongly recommend you get the vaccine when offered it.

Information on the flu vaccination can be found here:

www.nhsinform.scot/flu-vaccine

You can still access the flu vaccine by attending one of the participating community pharmacies listed on the **Grampian Flu Vaccination Website** (from 1 November 2021).

www.fluvaxgrampian.com

Or if you do not have access to the internet please telephone:
**Aberdeenshire: 0330 128 9919, Aberdeen City: 0800 030 4713,
Moray: 0345 337 9899**

We recommend you telephone your local Community Pharmacy **prior to attending for vaccination**, to ensure vaccine is available and comply with the appointment system they have in place.
